

# Personal Care and Beauty Campus

There is a reason the world's leading personal care and beauty solutions providers have located in New Albany. *We get business.*

“ The vertically-integrated supply park allows for the opportunity to collaborate with supply partners on the same campus to improve quality and increase operational efficiency, throughput and speed. The support from the city, ability to meet aggressive timelines and ease at which development occurs here is a great advantage for us. ~ Paul Judge *President, Axium Plastics* ”

## Columbus Metropolitan Region

The 14th largest city in the country, Columbus is also the fastest growing metropolitan area in the Midwest. Its strong entrepreneurial spirit – the city ranks first in scaling startups – makes it a great place to innovate. It's home to Battelle Memorial Institute, the world's largest nonprofit research organization, and the IBM Center for Advanced Analytics. It offers one of the largest populations of college graduates—36,000 annually—in the nation. An affordable cost of living, vibrant communities, good schools and low crime rate led *Money* magazine to rate Columbus as the best big city in the Midwest.
